EDUCATION

University of Central Florida

Full Stack Coding Boot Camp

Online
September 2022-March 2023

University of Central Florida

Bachelor of Science in Kinesiology

Orlando, FL
August 2018-December 2022

Cumulative GPA: 3.5

OBJECTIVE STATEMENT

I am a Full-Stack Developer that graduated from the Coding Bootcamp from the University of Central Florida. This program taught me how to continuously learn and work in a fast-paced environment, as well as being team-oriented. Since the bootcamp, I have been focusing on Python and applying it to my personal projects.

PERSONAL PROJECTS

Project Manager

- Used MERN Stack to create a fully functioning project management application
- Used MongoDB to save user data
- Also used JSON web tokens to create a more secure experience

Note Taker Application

- Express.js application that takes notes
- Uses HTTP to perform create, read, update, and delete (CRUD) operations
- Note data is saved to a JSON file

Employee Tracker

- This application allows the user to view and manage departments, roles, and employees
- Created and maintained MySQL database through CLI and TablePlus
- Created and inserted seed data with SQL queries

Home Server

- Commissioned Raspberry Pi as home web server
- Ran Nginx on headless Linux
- Hosts portfolio application

SKILLS AND ABILITIES

Soft Skills: Team Oriented, Problem Solving, Communication

Programming Languages: JavaScript, MERN Stack, ReactJS, HTML, CSS, bash

Frameworks: React, Node, Express.js, Bootstrap, Chakra UI

Tools: MySQL, MongoDB, Git, Microsoft Office (Excel, Word, PowerPoint)

PROFESSIONAL EXPERIENCE

Infinity Dental

Insurance Claim Representative

Apopka, FL
July 2019-August 2019

- Validated dental records with insurance companies to resolve outstanding customer claims
